Hi, I'm Fernando Valdés and I lead the creative team at Actimundi as Head of Art. I've spent 16 years in advertising turning briefs into ideas, and ideas into campaigns. Before Actimundi, I worked at Wunderman Thompson, and I've worked for brands like BMW, FC Barcelona, Nespresso, Danone, Estrella Damm, Tous, Geely and Omoda. I create with AI every day, and have integrated this into the day-to-day at Actimundi. It has changed how I work, not how I think.
